Toy handover record

One existing item, one clear handover. Keep current care and supervision instructions with the toy. This record does not certify safety or suitability.

Pet and exact item description

Date, time and person checking

Condition observed (facts, not a safety rating)

Current instructions and supervision arrangement

Item care label location / last cleaning, if known

Hold-back decision or unresolved question

Person responsible for the answer / next step

Handover confirmed by / date

Keep items with unresolved concerns out of use. Do not guess instructions, approve repairs or treat a completed note as permission for unattended use.

Original organization aid. Guidance: Dogs Trust, Cats Protection and CDC; sources read 13 October 2026. No veterinary review or source endorsement is claimed.
